

**EVERY MINUTE A MAN ABUSES A WOMAN
AND NO ONE DOES ANYTHING.**

Every Sunday I expect to get hit in the game, but no woman should get hit in the game of life. In the time it takes me to play one game, men will abuse over 180 women. That woman could be your mother, sister, or loved one. The MVP program challenges us, the bystanders, to get off the sidelines and get in the game. Whether it's verbal, emotional, physical, or sexual abuse—it is your business. You can make a difference. Act like a leader. Be a leader.
